

7th International Workshop on

High Precision for Hard Processes

at the LHC (HP² 2018)

1-3 October 2018

Physikalisches Institut

Albert-Ludwigs-Universität Freiburg

**UNI
FREIBURG**

LOCAL ORGANISING COMMITTEE

- Samuel Abreu
- Stefan Dittmaier
- Fernando Febres Cordero
- Harald Ita
- Philipp Maierhöfer

INTERNATIONAL ADVISORY COMMITTEE

- Charalampos Anastasiou [Zürich, ETH]
- Stefano Catani [Firenze, INFN]
- Daniel de Florian [Buenos Aires, ICAS-UNSAM]
- Thomas Gehrmann [Zürich, UZH]
- Massimiliano Grazzini [Zürich, UZH]
- Zoltan Kunszt [Zürich, ETH]

TOPICS

- Precise predictions for Standard Model and Beyond the Standard Model phenomenology
- New mathematical techniques for amplitude calculations
- Automated tools for multi-leg amplitudes
- Status reports and implications of current LHC results
